GRANTS LISTING

LISTE DES SUBVENTIONS

The Ontario Arts Council's (OAC) 2021-2022 *Grants Listing* reports on all grant amounts paid to organizations and individuals throughout the fiscal year (April 1, 2021, to March 31, 2022). The report also includes final payments made in the 2021-2022 fiscal year related to grant results announced in previous years (this can occur when a grant has been awarded with conditions that are not met until a subsequent fiscal period). Because this report is a snapshot representing a fixed point in time, the reader of this report may see listings for granting programs that no longer exist or have changed names.

The grants listings are listed under the following four streams:

- Creating and Presenting
- Building Audiences and Markets
- Engaging Communities and Schools
- Developing Careers and Arts Services

OAC's six priority groups are a key focus in all programs, which remain discipline, activity or priority group-based.

This year, OAC administered grants for two new one-time granting programs – **Indigenous Arts Support** and **Career Catalyst: Project Grants for New Generation Artists**.

Finally, OAC also administers the selection process for a number of privately funded awards and grants, including programs funded through the Chalmers Family Fund and the Johanna Metcalf Performing Arts Prizes. The OAC administers the Premier's Awards for Excellence in the Arts (currently under review) and the Pauline McGibbon Award on behalf of the Government of Ontario as well as several awards on behalf of the Ontario Arts Foundation.

How grant applications are assessed

Where applicable, the listings also include the names of assessment panel members for each program deadline. In most cases, OAC uses one of three peer assessment models to review applications and make grant decisions:

La *Liste des subventions 2021-2022* du Conseil des arts de l'Ontario (CAO) fait état de tous les montants versés aux organismes et aux particuliers pendant l'exercice financier qui va du 1^{er} avril 2021 au 31 mars 2022. Ce rapport comprend également les derniers versements effectués au cours de l'exercice 2021-2022 pour des subventions annoncées au cours de l'exercice précédent (cela peut se produire lorsqu'une subvention a été accordée sous réserve de conditions qui ne sont remplies qu'au cours de l'exercice suivant). Étant donné que ce rapport donne un aperçu d'une période précise, on peut y trouver des informations liées à des programmes de subventions qui n'existent plus ou qui ont changé de nom.

La liste des subventions est structurée en fonction des quatre filières suivantes :

- Création et diffusion
- Collaboration avec les communautés et les écoles
- Développement des publics et des marchés
- Renforcement des carrières et des services aux arts

Les six groupes prioritaires du CAO sont une cible privilégiée de tous les programmes, qui continuent à être axés sur une discipline, une activité ou un groupe prioritaire.

Cette année, le CAO a administré les subventions pour deux nouveaux programmes ponctuels : **Soutien aux arts autochtones** et **Catalyseur de carrière – subventions de projet pour les artistes de la nouvelle génération**.

Enfin, le CAO gère également le processus de sélection de plusieurs prix et subventions provenant de fonds privés, notamment les programmes financés par le Fonds de la famille Chalmers et les prix Johanna-Metcalf des arts de la scène. Le CAO administre les Prix du premier ministre pour l'excellence artistique (en cours de révision) et le prix Pauline McGibbon au nom du gouvernement de l'Ontario ainsi que plusieurs prix au nom de la Fondation des arts de l'Ontario.

- Project programs are generally assessed by juries. The jury is made up of professional artists and other arts professionals from across the province who review project proposals to determine grant recipients and decide on the grant amount if the program does not already have a predetermined grant level.
- Advisory panels are assembled for operating programs and some project programs. The advisors who serve on the panel are professional artists and other professionals in the field. They are responsible for assessing applications and providing advice on funding priorities. Unlike jurors, advisors do not make final decisions on grant amounts and instead make recommendations to OAC that are submitted to the CEO and the board of directors for approval.
- Third-party recommenders are organizations or collectives authorized by OAC to receive applications, review them and make grant recommendations. OAC allocates a budget to each of the participating recommenders. Recommenders submit their grant recommendations to OAC, which are then reviewed by OAC for applicant and project eligibility.

For certain deadlines (year two and year three of a multi-year funding cycle, for example), funding requests are reviewed internally by OAC program officers. Ensuring the relevance, fairness and consistency of OAC programs, and therefore the process for allocating grants, is both rigorous and complex. Individual applicants are never asked to sit on juries or advisory panels for programs in which they have an application being assessed. An arts professional employed by an organization receiving multi-year funding may act as an assessor as long as their organization is not being assessed at that deadline.

Évaluation des demandes de subventions

S'il y a lieu, la liste comprend aussi le nom des membres des groupes d'évaluateurs pour chaque date limite des programmes. Dans la plupart des cas, le CAO utilise l'un de trois modèles d'évaluation par les pairs pour examiner les demandes et prendre les décisions en matière de subvention :

- Les programmes de projets sont généralement évalués par des jurys. Les jurys sont composés d'artistes professionnels et d'autres professionnels des arts de toute la province qui examinent les propositions de projets afin de sélectionner les bénéficiaires des subventions et de fixer le montant de la subvention si le programme n'a pas déjà un niveau de subvention prédéterminé.
- Des groupes d'évaluation sont constitués pour les programmes de fonctionnement et certains programmes de projets. Les conseillers qui y siègent sont des artistes professionnels et d'autres professionnels du domaine en question qui sont chargés d'évaluer les demandes et de donner des conseils sur les priorités de financement. Contrairement aux jurés, les conseillers ne prennent pas les décisions sur le montant des subventions, mais font des recommandations qui sont soumises à la directrice générale et au conseil d'administration du CAO pour approbation.
- Les tiers recommandataires sont des organismes ou des collectifs autorisés par le CAO à recevoir les demandes, à les examiner et à faire au CAO des recommandations de subventions. Le CAO attribue un budget à chacun des organismes recommandataires. Ces derniers soumettent leurs recommandations de subventions au CAO, qui examine ensuite les recommandations pour vérifier l'admissibilité des candidats et des projets.

Pour certaines dates limites (comme par exemple l'exercice 2 et 3 d'un cycle de financement pluriannuel), les demandes sont examinées à l'interne par les responsables des programmes du CAO. La procédure suivie pour assurer la pertinence, l'impartialité et la cohérence des programmes du CAO et, par conséquent, du processus d'octroi des subventions, est à la fois rigoureuse et complexe. Le CAO n'invite jamais des candidats individuels à siéger à un jury ou à un comité d'évaluation pour un programme dans le cadre duquel leur demande est évaluée. Les professionnels des arts employés par des organismes bénéficiant d'une subvention pluriannuelle peuvent servir d'évaluateurs, pour autant que leur organisme ne fasse pas l'objet d'une évaluation à la date limite en question.

CREATING AND PRESENTING CRÉATION ET DIFFUSION

The Creating and Presenting stream is the largest of the four streams in OAC's funding framework. The programs offered through this stream fulfil the first half of OAC's organizational mandate – to foster the creation and production of art – by providing project and operating support to professional artists and arts organizations. This helps build a vital arts sector in Ontario and ensures access to the arts, which makes all of our lives richer.

While most of the programs in the Creating and Presenting stream are designed to provide support by artistic discipline, OAC also offers programs designated for specific priority groups and geographic regions. This approach ensures that the needs of diverse arts communities across the province are met and that various cultural and practical approaches to artistic creation are recognized and supported. We believe that works of artistic merit are created by artists from all communities, regions and cultural backgrounds.

La filière Crédit et diffusion est la plus grande des quatre filières du cadre de financement du CAO et répond à la première moitié du mandat de notre organisme : favoriser la création et la production artistiques. Les programmes qu'elle offre accordent aux artistes professionnels et aux organismes artistiques des subventions de projets et de fonctionnement qui contribuent au dynamisme du secteur artistique de l'Ontario et assurent un accès aux arts qui enrichit nos vies à tous.

Si la plupart des programmes de subventions de la filière Crédit et diffusion sont axés sur une discipline artistique, le CAO offre également des programmes destinés à des groupes prioritaires et à des régions géographiques précises. Cette approche permet de répondre aux besoins des différents milieux artistiques de la province et de promouvoir différentes démarches culturelles ou différentes pratiques de la création artistique. Nous sommes convaincus que des œuvres artistiques méritoires sont créées par des artistes de toutes les communautés, de toutes les régions et de tous les horizons culturels.

Music Organizations: Operating Organismes de musique – fonctionnement

David Parsons
Officer | Responsable

Dwayne Dixon
Interim Officer | Responsable intérimaire

Due to the continued disruption caused by the COVID-19 pandemic, organizations that received operating grants in 2021-22 were required to submit an application that was assessed by an advisory panel and multi-year cycles were suspended again. All operating grant recipients received the same amount in 2021-22 as in 2020-21.

En raison des perturbations continues causées par la pandémie de COVID-19, les organismes qui ont reçu des subventions de fonctionnement en 2021-2022 ont dû soumettre une demande qui a été examinée par un groupe d'évaluation, et les cycles pluriannuels ont été suspendus à nouveau. Tous les bénéficiaires de subventions de fonctionnement ont reçu en 2021-2022 le même montant qu'en 2020-2021.

Publishing Organizations: Operating

Jack Illingworth Officer | Responsable

This program is available in English only.
 Ce programme est offert uniquement en anglais.

Due to the continued disruption caused by the COVID-19 pandemic, organizations that received operating grants in 2021-22 were required to submit an application that was assessed by an advisory panel and multi-year cycles were suspended again. All operating grant recipients received the same amount in 2021-22 as in 2020-21.

En raison des perturbations continues causées par la pandémie de COVID-19, les organismes qui ont reçu des subventions de fonctionnement en 2021-2022 ont dû soumettre une demande qui a été examinée par un groupe d'évaluation, et les cycles pluriannuels ont été suspendus à nouveau. Tous les bénéficiaires de subventions de fonctionnement ont reçu en 2021-2022 le même montant qu'en 2020-2021.

En raison des perturbations continues causées par la pandémie de COVID-19, les organismes qui ont reçu des subventions de fonctionnement en 2021-2022 ont dû soumettre une demande qui a été examinée par un groupe d'évaluation, et les cycles pluriannuels ont été suspendus à nouveau. Tous les bénéficiaires de subventions de fonctionnement ont reçu en 2021-2022 le même montant qu'en 2020-2021.

Due to the continued disruption caused by the COVID-19 pandemic, organizations that received operating grants in 2021-22 were required to submit an application that was assessed by an advisory panel and multi-year cycles were suspended again. All operating grant recipients received the same amount in 2021-22 as in 2020-21.

▼ Mural created by artist Que Rock, from Nipissing First Nation, created in partnership with DesignTO and the Daniels Mural Project in Toronto. It honours the 215 children whose unmarked graves were discovered at a former residential school site in Kamloops, B.C., as well as the graves that continue to be discovered across Turtle Island. The sun on the left side represents the Seven Grandfather Teachings of humility, courage, honesty, wisdom, truth, respect and love, which flows to the right side and a figure of Grandmother Moon, representing the connection to Turtle Island, the water nation and Mother Earth. At the centre, children are carried by eagles to the spirit world; the eagles carry fish for the healing journey. (Photo: Yianni Tong)

▼ Murale créée par l'artiste Que Rock, de la Première Nation de Nipissing, en partenariat avec DesignTO et le Daniels Mural Project à Toronto. L'œuvre rend hommage aux 215 enfants dont les tombes non marquées ont été découvertes sur le site d'un ancien pensionnat à Kamloops, en Colombie-Britannique, ainsi qu'aux tombes qui continuent d'être découvertes sur l'île de la Tortue. Le soleil que l'on voit à gauche représente les sept enseignements ancestraux – humilité, courage, honnêteté, sagesse, vérité, respect, amour – et rejoint à droite une figure de Grand-mère Lune qui représente le lien avec l'île de la Tortue, la nation de l'eau et la Terre Mère. Au centre, des aigles munis de poissons pour le voyage de guérison transportent des enfants vers le monde des esprits. (Photo : Yianni Tong)

BUILDING AUDIENCES AND MARKETS

DÉVELOPPEMENT DES PUBLICS ET DES MARCHÉS

This stream of the OAC's funding framework focuses on the benefits of access to the arts, bringing the work of Ontario's artists and arts organizations to more people across the province. The OAC supports a number of audience and market development projects and initiatives, including outreach, touring, residencies, collaborations and travel. The granting programs offered through the Building Audiences and Markets stream not only provide opportunities for artists, organizations and presenters to reach and build new audiences, but also help build Ontario's brand across the country and around the globe, in turn attracting tourism, jobs and investment to the province.

Cette filière du cadre de financement du CAO, qui est axée sur les avantages de l'accès aux arts, fait connaître le travail des artistes et des organismes artistiques de l'Ontario à un plus grand nombre de personnes dans la province. Le CAO soutient plusieurs initiatives et projets de développement des publics et des marchés, notamment les initiatives de sensibilisation aux arts, les tournées, les résidences, les collaborations et les déplacements. Les programmes de subventions de la filière Développement des publics et des marchés non seulement donnent aux artistes, aux organismes et aux diffuseurs la possibilité d'atteindre et de développer de nouveaux publics, mais renforcent également l'image de marque de l'Ontario au Canada comme dans le reste du monde, ce qui a d'importantes retombées sur le tourisme, l'emploi et les investissements dans la province.

ENGAGING COMMUNITIES AND SCHOOLS

COLLABORATION AVEC LES COMMUNAUTÉS ET LES ÉCOLES

The OAC's Engaging Communities and Schools funding stream strengthens and adds vitality to Ontario communities, making them great places to live and work. Research has demonstrated that there is a link between engagement in the arts and the development of strong creative and critical thinking skills and overall well-being. The programs offered through this stream generate important opportunities for artists and communities to connect, express ideas, create artworks and strengthen societal connections. Arts activities led by professional artists and arts organizations help increase, broaden and diversify arts participation among Ontarians of all ages, abilities and backgrounds.

The funding offered through these granting programs supports skilled and experienced artists in leading arts activities that foster inclusion and creativity, with the overall aim of making the arts available and accessible to all.

La filière de financement Collaboration avec les communautés et les écoles du CAO renforce les collectivités ontariennes, leur apporte de la vitalité et en fait des endroits où il fait bon vivre et travailler. La recherche a démontré que la participation aux activités artistiques est directement liée au développement de la pensée créative et critique comme au bien-être en général. Les programmes offerts dans le cadre de cette filière offrent aux artistes et aux collectivités de multiples occasions d'établir des liens, d'exprimer des idées, de créer des œuvres d'art et de renforcer les liens sociaux. Les activités artistiques dirigées par des artistes professionnels et des organismes artistiques donnent aux Ontariens des possibilités de participation plus nombreuses, plus vastes et plus diversifiées, indépendamment de leur âge, de leurs capacités et de leurs antécédents.

Ces programmes de subventions permettent à des artistes compétents et expérimentés de diriger des activités artistiques qui favorisent l'inclusion et la créativité dans le but de rendre les arts abordables et accessibles à tous.

En raison des perturbations continues causées par la pandémie de COVID-19, les organismes qui ont reçu des subventions de fonctionnement en 2021-2022 ont dû soumettre une demande qui a été examinée par un groupe d'évaluation, et les cycles pluriannuels ont été suspendus à nouveau. Tous les bénéficiaires de subventions de fonctionnement ont reçu en 2021-2022 le même montant qu'en 2020-2021.

CAREER CATALYST: PROJECT GRANTS FOR NEW GENERATION ARTISTS

CATALYSEUR DE CARRIÈRE – SUBVENTIONS DE PROJETS POUR LES ARTISTES DE LA NOUVELLE GÉNÉRATION

Zhe Gu
Officer | Responsable

Career Catalyst: Project Grants for New Generation Artists was a one-time project program for professional artists aged 18-30 who demonstrated that they had a professional practice in any artistic discipline funded by OAC.

The program supported activities that helped to build career momentum as individual artists recovered from pandemic-related challenges. The grants were set at \$2,000 each and were directed towards the artist's choice of the following: professional development and training, marketing and promotion, purchase of artist materials and supplies, software and hardware upgrades, and artist's studio or workspace enhancements.

Le programme ponctuel Catalyseur de carrière – subventions de projets pour les artistes de la nouvelle génération était destiné aux artistes professionnels âgés de 18 à 30 ans ayant démontré qu'ils avaient une pratique professionnelle dans une des disciplines artistiques financées par le CAO.

Le programme soutenait des activités visant à donner un élan à la carrière des artistes et à les aider à se remettre des difficultés liées à la pandémie. Les subventions, d'un montant de 2 000 \$ chacune, étaient destinées aux activités suivantes, selon le choix de l'artiste : formation et perfectionnement professionnels, marketing et promotion, achat de matériel et de fournitures artistiques, mise à niveau de logiciels et de matériel informatique, et amélioration du studio ou de l'espace de travail de l'artiste.

INDIGENOUS ARTS SUPPORT

SOUTIEN AUX ARTS AUTOCHTONES

Erika Iserhoff
Grants Facilitator
Responsable des subventions

Indigenous Arts Support was a one-time project program established to support the artistic practice and career development of First Nations, Inuit and Métis artists, arts organizations and collectives. The program was administered by Indigenous staff members and applications were assessed by First Nations, Inuit and Métis individuals.

The program had two streams:

Indigenous Arts Support: Grants for Individuals

Provided support to aspiring and professional artists working in customary, traditional and contemporary art forms.

Indigenous Arts Support: Grants for Collectives and Organizations

Provided support to Indigenous arts organizations and eligible artist collectives in administrative capacity-building and the development of artistic sustainability.

Soutien aux arts autochtones était un programme de projet offert seulement en 2021-2022 pour soutenir la pratique artistique et le développement de carrière des artistes, des organismes artistiques et des collectifs inuits, métis et des Premières Nations. Le programme était administré par des membres autochtones du personnel et les demandes étaient évaluées par des Inuits, des Métis et des membres des Premières Nations.

Le programme comprenait deux volets :

Soutien aux arts autochtones – subventions pour les particuliers

Soutenait les artistes en devenir et les artistes professionnels travaillant dans des formes d'art coutumières, traditionnelles et contemporaines.

Soutien aux arts autochtones – subventions pour les collectifs et les organismes

Soutenait les organismes artistiques autochtones et les collectifs d'artistes admissibles en matière de renforcement des capacités administratives et de développement de la durabilité artistique.

▼ *Sedna / ḥāq #5*, one of a series of photographs taken by Ottawa-based photographer Katherine Takpannie. According to Inuit legend, Sedna is the goddess of the sea and the mother of all marine mammals. This series was based on the question “What will Sedna do when she hears the seismic testing?” It explores the epistemology of Inuit societal values alongside the violent disruption of Inuit homelands caused by resource extraction.

▼ *Sedna / ḥāq #5*, image faisant partie d'une série réalisée par la photographe Katherine Takpannie. Selon la légende inuite, Sedna est la déesse de la mer et la mère de tous les mammifères marins. Cette série, créée à partir de la question « Que fera Sedna lorsqu'elle entendra les tests sismiques? », explore l'épistémologie des valeurs sociétales inuites parallèlement à la perturbation violente des terres inuites provoquée par l'extraction des ressources. AWARDS AND CHALMERS PROGRAMS

PRIX ET PROGRAMMES CHALMERS

The OAC manages private funds established by individual donors to benefit the arts. The income from these funds allows us to present awards, scholarships, grants and fellowships to artists for purposes identified by the individual donors. The OAC administers the awards programs in addition to administering awards on behalf of the Government of Ontario, the Ontario Arts Foundation and other foundations. We also assist individuals who are interested in establishing an endowment or award in support of the arts at OAC.

Please note that in this report, the date of awards listed does not necessarily correspond to the date of the awards ceremonies.

Le CAO gère des fonds privés que des donateurs individuels ont établis pour soutenir les arts. Les revenus de ces fonds lui permettent de décerner à des artistes des prix, des bourses et des subventions aux fins déterminées par les donateurs. Le CAO administre ces programmes de prix et administre aussi des prix pour le compte du gouvernement de l'Ontario, de la Fondation des arts de l'Ontario et d'autres fondations. Il donne également des conseils aux personnes intéressées à établir auprès du CAO une dotation ou un prix en faveur des arts.

Veuillez noter que la date des prix indiquée ici ne correspond pas nécessairement à la date des cérémonies de remise des prix.
