GRANTS LISTING

LISTE DES SUBVENTIONS

The Ontario Arts Council's (OAC) *2022-2023 Grants Listing* reports on all grant amounts paid to organizations and individuals throughout the fiscal year running from April 1, 2022, to March 31, 2023. The report also includes final payments made in the 2022-2023 fiscal year related to grant results announced in previous years. (This can occur when a grant has been awarded with conditions that are not met until a subsequent fiscal period.) Because this report is a snapshot representing a fixed point in time, it may include listings for granting programs that no longer exist or that have changed names.

OAC funding programs are categorized under four streams, which are also how this report is organized. The four streams are:

- Creating and Presenting
- Building Audiences and Markets
- Engaging Communities and Schools
- Developing Careers and Arts Services

An Important Note Specific to 2022-23 Operating Grants

As the COVID-19 pandemic continued to disrupt the arts sector into 2022-23, OAC continued to find ways to meet the needs of Ontario's artists and arts organizations. One such initiative was new strategic investments in the form of one-time grant supplements to over 200 arts organizations and increased ongoing support to Indigenous arts organizations. These investments, which are aligned with the goals outlined in OAC's strategic plan *Reset. Renew. Revitalize*, were made possible by an additional investment from the Government of Ontario.

For operating grant recipients that were awarded a supplement, this additional amount has been rolled into their overall operating funding total for 2022-23. These recipients are noted throughout the report with a superscript letter referencing the type of supplement they received:

La *Liste des subventions 2022-2023* du Conseil des arts de l'Ontario (CAO) fait état de tous les montants versés aux organismes et aux particuliers pendant l'exercice financier du 1^{er} avril 2022 au 31 mars 2023. Elle comprend également les derniers versements effectués au cours de cet exercice pour des subventions annoncées au cours d'un exercice précédent (ce qui survient lorsque les conditions d'attribution d'une subvention ne sont remplies qu'au cours d'un exercice subséquent). La Liste étant le portrait d'une période précise, il est possible que certains programmes de subventions qui y figurent n'existent plus ou qu'ils aient changé de nom.

Le CAO catégorise ses programmes de subventions en quatre filières, regroupement que ce rapport reproduit. Les quatre filières ont pour nom :

- Création et diffusion
- Développement des publics et des marchés
- Collaboration avec les communautés et les écoles
- Renforcement des carrières et des services aux arts

Remarque importante au sujet des subventions de fonctionnement de 2022-2023

Le secteur des arts étant toujours perturbé par la pandémie de COVID-19 en 2022-2023, le CAO s'est efforcé de multiplier les moyens de venir en aide aux artistes et organismes artistiques de l'Ontario notamment en réalisant de nouveaux investissements stratégiques sous forme de compléments ponctuels aux subventions de plus de 200 organismes artistiques et d'un soutien permanent accru aux organismes artistiques autochtones. Ces investissements, qui sont conformes aux objectifs du nouveau plan stratégique *Redémarrer. Renouveler. Revitaliser.* du CAO, ont été rendus possibles grâce à un investissement supplémentaire du gouvernement de l'Ontario.

Le montant du complément qu'a pu recevoir un organisme

^aSupport for Indigenous arts

All Indigenous arts organizations receiving operating support from OAC received an ongoing increase to their operating grant.

^bRecognizing diversity, equity and inclusion

Among the organizations receiving operating funding, OAC identified a total of 205 arts organizations that make significant contributions to diversity, equity and inclusion in their fields and were well-assessed but underfunded relative to other organizations of similar scope and impact. These organizations received a one-time addition to their operating grant.

^cRecognizing exemplary support for artists

The OAC recognized 21 Ontario arts organizations who together generate nearly half of all artist fees and artistic salaries paid by professional not-for-profit arts organizations funded by OAC. These organizations received an investment to continue their proven track record in making exceptional contributions to artists.

Lastly, OAC has reinstated multi-year funding cycles for all operating programs in 2022-23. In addition, new organizations were permitted to submit applications for operating support for the first time since 2019-20. This resulted in 39 organizations being admitted into an operating program, bringing the total number of organizations receiving operating funding to 570.

OAC also administers the selection process for a number of privately funded awards and grants, including the Johanna Metcalf Performing Arts Prizes and two grant programs funded through the Chalmers Family Fund. The OAC administers the Pauline McGibbon Award on behalf of the Government of Ontario as well as several awards on behalf of the Ontario Arts Foundation.

How grant applications are assessed

Most OAC programs use one of the following three peer assessment models to review applications and make grant decisions:

- **Project programs** are generally assessed by **juries**. The jury is made up of professional artists and other arts professionals from across the province who review project proposals to determine grant recipients and decide on the grant amount if the program does not already have a predetermined grant level.

est inclus dans le montant global de la subvention de fonctionnement accordée en 2022-2023. Les bénéficiaires de compléments ponctuels sont signalés par une lettre en exposant indiquant le type de complément reçu :

a. Soutien aux arts autochtones

Tous les organismes artistiques autochtones qui recevaient une subvention de fonctionnement du CAO ont bénéficié d'une augmentation permanente de leur subvention de fonctionnement.

b. Reconnaissance de la diversité, de l'équité et de l'inclusion

Parmi les bénéficiaires de ses subventions de fonctionnement, le CAO a reconnu 205 organismes artistiques qui contribuent de manière significative à la diversité, à l'équité et à l'inclusion dans leur domaine, tout en étant bien évalués et sous-financés par rapport à d'autres organismes ayant une envergure et un impact comparables. Ces organismes ont reçu un complément unique à leur subvention de fonctionnement.

c. Reconnaissance d'un soutien exemplaire aux artistes

Parmi les organismes artistiques professionnels sans but lucratif de l'Ontario qu'il subventionne, le CAO en a reconnu 21 qui, pris ensemble, génèrent près de la moitié de tous les cachets d'artistes et de salaires artistiques versés par ces organismes. Ces 21 organismes ont reçu un investissement qui leur permet de continuer à faire ces contributions exceptionnelles aux artistes.

Enfin, le CAO a rétabli les cycles de financement pluriannuels de tous ses programmes de fonctionnement en 2022-2023. De nouveaux organismes ont aussi pu soumettre des demandes d'aide au fonctionnement pour la première fois depuis 2019-2020. Les programmes de fonctionnement ont ainsi accueilli 39 nouveaux organismes, ce qui porte à 570 le nombre total d'organismes bénéficiant d'un tel financement.

Le CAO administre également le processus de sélection d'un certain nombre de prix et de subventions provenant de fonds privés, notamment les prix Johanna-Metcalf des arts de la scène, deux programmes de subventions du Fonds de la famille Chalmers, le prix Pauline-McGibbon au nom du gouvernement de l'Ontario et plusieurs autres prix au nom de la Fondation des arts de l'Ontario.

Évaluation des demandes de subventions

Dans la plupart des programmes, l'examen des demandes et l'attribution des subventions se font à l'aide d'un des trois modèles d'évaluation par les pairs suivants :

- **Advisory panels** are assembled for **operating programs** and **some project programs**. The advisors who serve on the panel are professional artists and other professionals in the field. They are responsible for assessing applications and providing advice on funding priorities. Unlike jurors, advisors do not make final decisions on grant amounts and instead make recommendations to OAC that are submitted to the CEO and the board of directors for approval.
- **Third-party recommenders** are organizations or collectives authorized by OAC to receive applications, review them and make grant recommendations. OAC allocates a budget to each of the participating recommenders. Recommenders submit their grant recommendations to OAC, which are then reviewed by OAC for applicant and project eligibility.
- Les **programmes de projets** sont généralement évalués par des **jurys**. Un jury est composé d'artistes professionnels et de professionnels des arts des différents coins de la province qui examinent les propositions, choisissent les bénéficiaires et établissent le montant des subventions lorsque le programme n'est pas à montant fixe.
- Des **comités d'évaluation** sont constitués pour les **programmes de fonctionnement** et **certains programmes de projets**. Composés d'artistes professionnels et de professionnels du domaine, ils sont chargés d'évaluer les demandes et de fournir des conseils sur les priorités de financement. Contrairement aux jurys, les comités consultatifs ne décident pas du montant des subventions, mais font plutôt des recommandations qui sont soumises à l'approbation du directeur général et du conseil d'administration du CAO.
- Les **tiers recommandataires** sont des organismes ou des collectifs autorisés par le CAO à recevoir et à examiner des demandes de subventions et à recommander des subventions. Le CAO réserve un budget à chacun de ces organismes recommandataires. Ces derniers soumettent leurs recommandations de subventions au CAO, qui les examine pour vérifier l'admissibilité des candidats et des projets.

Where applicable, this report includes the names of assessment panel members for each program deadline.

For certain deadlines (year two and year three of a multi-year funding cycle, for example), funding requests are reviewed internally by OAC program officers. Ensuring the relevance, fairness and consistency of OAC programs, and therefore the process for allocating grants, is both rigorous and complex.

Full information on OAC's assessment process, including notes on how assessors are chosen and details on conflict-of-interest regulations, is available here: <https://www.arts.on.ca/grants/general-granting-information/guide-to-assessment>.

Lorsqu'il y a lieu, le rapport comprend les noms des membres des comités d'évaluation constitués pour les dates limites des programmes.

Les responsables des programmes du CAO examinent les demandes de certaines dates limites (comme celles des années 2 et 3 d'un cycle de financement pluriannuel). Complexité et rigueur se conjuguent ainsi pour assurer la pertinence, l'équité et la cohérence de l'évaluation des demandes de subventions soumises aux programmes du CAO et par conséquent, du processus d'attribution des subventions.

Pour tout savoir sur le processus d'évaluation du CAO, sur la sélection des membres des jurys et des comités d'évaluation et sur la prévention des conflits d'intérêts, consultez le *Guide du processus d'évaluation du CAO* : <https://www.arts.on.ca/programmes-de-subvention/renseignements-generaux/guide-du-processus-d-evaluation>.

CREATING AND PRESENTING

CRÉATION ET DIFFUSION

The Creating and Presenting stream is the largest of the four streams in OAC's funding framework. The programs offered through this stream fulfil the first half of OAC's organizational mandate – to foster the creation and production of art – by providing project and operating support to professional artists and arts organizations. This helps build a vital arts sector in Ontario and ensures access to the arts, which makes all of our lives richer.

While most of the programs in the Creating and Presenting stream are designed to provide support by artistic discipline, OAC also offers programs designated for specific priority groups and geographic regions. This approach ensures that the needs of diverse arts communities across the province are met and that various cultural and practical approaches to artistic creation are recognized and supported. We believe that works of artistic merit are created by artists from all communities, regions and cultural backgrounds.

La filière Création et diffusion est la plus grande des quatre filières du cadre de financement du CAO et répond à la première moitié du mandat de notre organisme : favoriser la création et la production artistiques. Les programmes qu'elle offre accordent aux artistes professionnels et aux organismes artistiques des subventions de projets et de fonctionnement qui contribuent au dynamisme du secteur artistique de l'Ontario et assurent un accès aux arts qui enrichit nos vies à tous.

Si la plupart des programmes de subventions de la filière Création et diffusion sont axés sur une discipline artistique, le CAO offre également des programmes destinés à des groupes prioritaires et à des régions géographiques précises. Cette approche permet de répondre aux besoins des différents milieux artistiques de la province et de promouvoir différentes démarches culturelles ou différentes pratiques de la création artistique. Nous sommes convaincus que des œuvres artistiques méritoires sont créées par des artistes de toutes les communautés, de toutes les régions et de tous les horizons culturels.

BUILDING AUDIENCES AND MARKETS

DÉVELOPPEMENT DES PUBLICS ET DES MARCHÉS

This stream of the OAC's funding framework focuses on the benefits of access to the arts, bringing the work of Ontario's artists and arts organizations to more people across the province. The OAC supports a number of audience and market development projects and initiatives, including outreach, touring, residencies, collaborations and travel. The granting programs offered through the Building Audiences and Markets stream not only provide opportunities for artists, organizations and presenters to reach and build new audiences, but also help build Ontario's brand across the country and around the globe, in turn attracting tourism, jobs and investment to the province.

Cette filière du cadre de financement du CAO, qui est axée sur les avantages de l'accès aux arts, fait connaître le travail des artistes et des organismes artistiques de l'Ontario à un plus grand nombre de personnes dans la province. Le CAO soutient plusieurs initiatives et projets de développement des publics et des marchés, notamment les initiatives de sensibilisation aux arts, les tournées, les résidences, les collaborations et les déplacements. Les programmes de subventions de la filière Développement des publics et des marchés non seulement donnent aux artistes, aux organismes et aux diffuseurs la possibilité d'atteindre et de développer de nouveaux publics, mais renforcent également l'image de marque de l'Ontario au Canada comme dans le reste du monde, ce qui a d'importantes retombées sur le tourisme, l'emploi et les investissements dans la province.

ENGAGING COMMUNITIES AND SCHOOLS

COLLABORATION AVEC LES COMMUNAUTÉS ET LES ÉCOLES

The OAC's Engaging Communities and Schools funding stream strengthens and adds vitality to Ontario communities, making them great places to live and work. Research has demonstrated that there is a link between engagement in the arts and the development of strong creative and critical thinking skills and overall well-being. The programs offered through this stream generate important opportunities for artists and communities to connect, express ideas, create artworks and strengthen societal connections. Arts activities led by professional artists and arts organizations help increase, broaden and diversify arts participation among Ontarians of all ages, abilities and backgrounds.

The funding offered through these granting programs supports skilled and experienced artists in leading arts activities that foster inclusion and creativity, with the overall aim of making the arts available and accessible to all.

La filière de financement Collaboration avec les communautés et les écoles du CAO renforce les collectivités ontariennes, leur apporte de la vitalité et en fait des endroits où il fait bon vivre et travailler. La recherche a démontré que la participation aux activités artistiques est directement liée au développement de la pensée créative et critique comme au bien-être en général. Les programmes offerts dans le cadre de cette filière offrent aux artistes et aux collectivités de multiples occasions d'établir des liens, d'exprimer des idées, de créer des œuvres d'art et de renforcer les liens sociaux. Les activités artistiques dirigées par des artistes professionnels et des organismes artistiques donnent aux Ontariens des possibilités de participation plus nombreuses, plus vastes et plus diversifiées, indépendamment de leur âge, de leurs capacités et de leurs antécédents.

Ces programmes de subventions permettent à des artistes compétents et expérimentés de diriger des activités artistiques qui favorisent l'inclusion et la créativité dans le but de rendre les arts abordables et accessibles à tous.

DEVELOPING CAREERS AND ARTS SERVICES RENFORCEMENT DES CARRIÈRES ET DES SERVICES AUX ARTS

The Developing Careers and Arts Services stream contributes to the vitality of Ontario's arts infrastructure. In an ever-changing world, it is more important than ever for artists and arts organizations to strengthen their skills, share knowledge and build their capacity in order to become more resilient and maximize their reach and impact. The OAC offers granting programs that support training, mentorship, career development and capacity building at the individual, organizational and sectoral level. By offering opportunities for professional growth and learning, OAC helps Ontario's artists thrive and make strong contributions to their communities.

La filière Renforcement des carrières et des services aux arts contribue à la vitalité de l'infrastructure artistique de l'Ontario. Dans un monde qui ne cesse d'évoluer, il est plus important que jamais pour les artistes et les organismes artistiques de développer leurs compétences, de partager leurs connaissances et de renforcer leurs capacités pour devenir plus résilients, accroître leur portée et maximiser leur impact. Les programmes de subventions du CAO financent la formation, le mentorat, le perfectionnement professionnel et le renforcement des capacités au niveau individuel, organisationnel et sectoriel. En offrant des possibilités de croissance professionnelle et d'apprentissage, le CAO aide les artistes de l'Ontario à s'épanouir et à faire une contribution importante à leur collectivité.

AWARDS AND CHALMERS PROGRAMS

PRIX ET PROGRAMMES CHALMERS

The OAC manages private funds established by individual donors to benefit the arts. The income from these funds allows us to present awards, scholarships, grants and fellowships to artists for purposes identified by the individual donors. The OAC administers the awards programs in addition to administering awards on behalf of the Government of Ontario, the Ontario Arts Foundation and other foundations. We also assist individuals who are interested in establishing an endowment or award in support of the arts at OAC.

Please note that in this report, the date of awards listed does not necessarily correspond to the date of the awards ceremonies.

Le CAO gère des fonds privés que des donateurs individuels ont établis pour soutenir les arts. Les revenus de ces fonds lui permettent de décerner à des artistes des prix, des bourses et des subventions aux fins déterminées par les donateurs. Le CAO administre ces programmes de prix et administre aussi des prix pour le compte du gouvernement de l'Ontario, de la Fondation des arts de l'Ontario et d'autres fondations. Il donne également des conseils aux personnes intéressées à établir auprès du CAO une dotation ou un prix en faveur des arts.

Veillez noter que la date des prix indiquée ici ne correspond pas nécessairement à la date des cérémonies de remise des prix.
